EU COUNCIL RECOMMENDATION

“HEREBY RECOMMENDS that Member States:

17. Gather national expertise on rare diseases and support the pooling of that expertise with European counterparts in order to support:

(a) the sharing of best practices on diagnostic tools and medical care as well as education and social care in the field of rare diseases.

18. Consult patients and patients' representatives on the policies in the field of rare diseases and facilitate patient access to updated information on rare diseases.

19. Promote the activities performed by patient organisations, such as awareness-raising, capacity-building and training, exchange of information and best practices, networking and outreach to very isolated patients.”
Relevant extracts from the EUCERD CORE INDICATORS for RD National Plans / Strategies
17. Existence of programmes to support the integration of RD patients in their daily life

Examples of social services to integrate patients in their daily life are:

a) educational support for patients, relatives and caregivers
b) individual support at school, for both pupils with RDs and teachers, including disease-specific good practices
c) activities aimed to foster higher education for people with rare diseases
d) supporting mechanisms to participate in work life for people with disabilities
Relevant extracts from the EUROPLAN RECOMMENDATIONS for the development of RD National Plans/Strategies
EUROPLAN RECOMMENDATIONS

- **R 4.12** The adoption of an ad hoc coding is promoted, when appropriate, to recognize and appropriately resource and reimburse the special rehabilitation treatments necessary for rare diseases.

- **R 6.5** Specialised social services are supported for people living with a chronically debilitating rare disease and their family carers.

- **R 6.6** Specialised social services are established to facilitate integration of patients at schools and workplaces.

- **R 6.7** A directory of centres providing specialised social services, including those offered by patients’ associations, is compiled, kept updated and communicated to national, regional and patients’ websites.
EUROPLAN RECOMMENDATIONS

- R 6.8 Interactive information and support services for patients are promoted (such as help lines, e-tools etc).

- R 6.9 Information and education material is developed for specific professional groups dealing with rare diseases patients (e.g. teachers, social workers, etc.).

- R 6.10 The activities aiming at patients’ empowerment carried out by patients’ associations are facilitated.
