 High proportion of patients and families not engaged in advocacy activities

EURORDIS.ORG

### All results are made available to the Rare Disease community

### Example of what a 'RDI' survey could be

### **Choosing the topic**

### SUSTAINABLE GOALS

#### **Context:**

- International event focusing on inequalities
- Survey Topic Expert committee (RDI volunteers, experts on the topic)

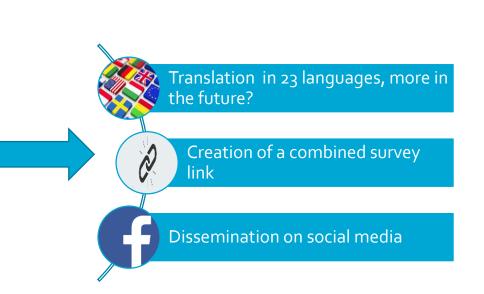

### **Creating and disseminating the survey**

During the past 12 months did it ever happen that you did not get the medical treatment you needed because...

- The treatment was not available where you live?
- You could not pay for it
- The waiting list was too long
- Yes
- No it didn't happened
- No need of medical treatment
- Don't know

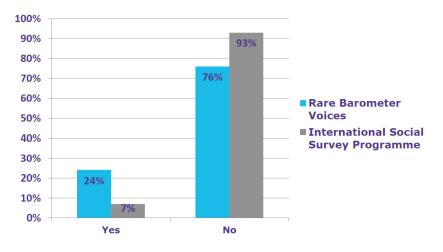

## Analysing and creating awareness through powerful advocacy tools

#### Comparison with the general population

During the past 12 months did it ever happen that you did not get the medical treatment you needed because... ... The treatment you needed was not available where you live (n=1350)

#### Infographic based on the results
